

Ella Explains it!: We are the Same and Different

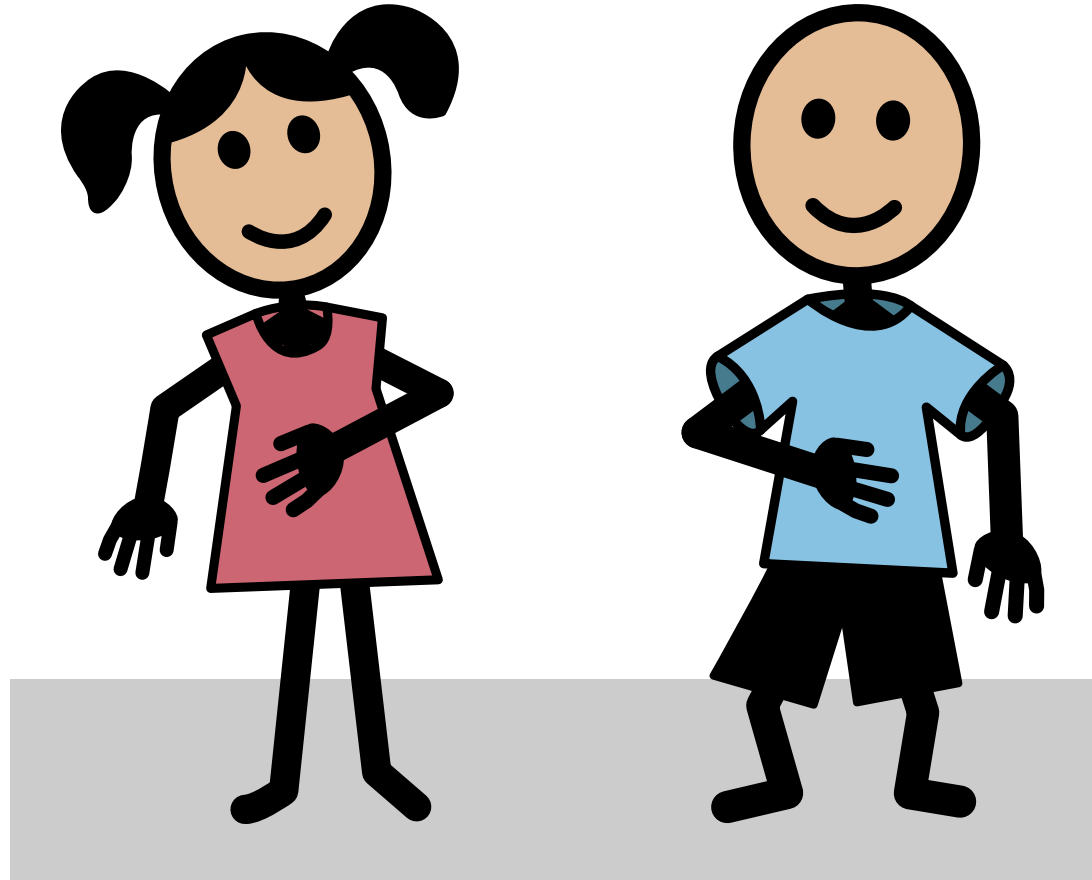

Level C

Written and Illustrated by Travis Schaeffer

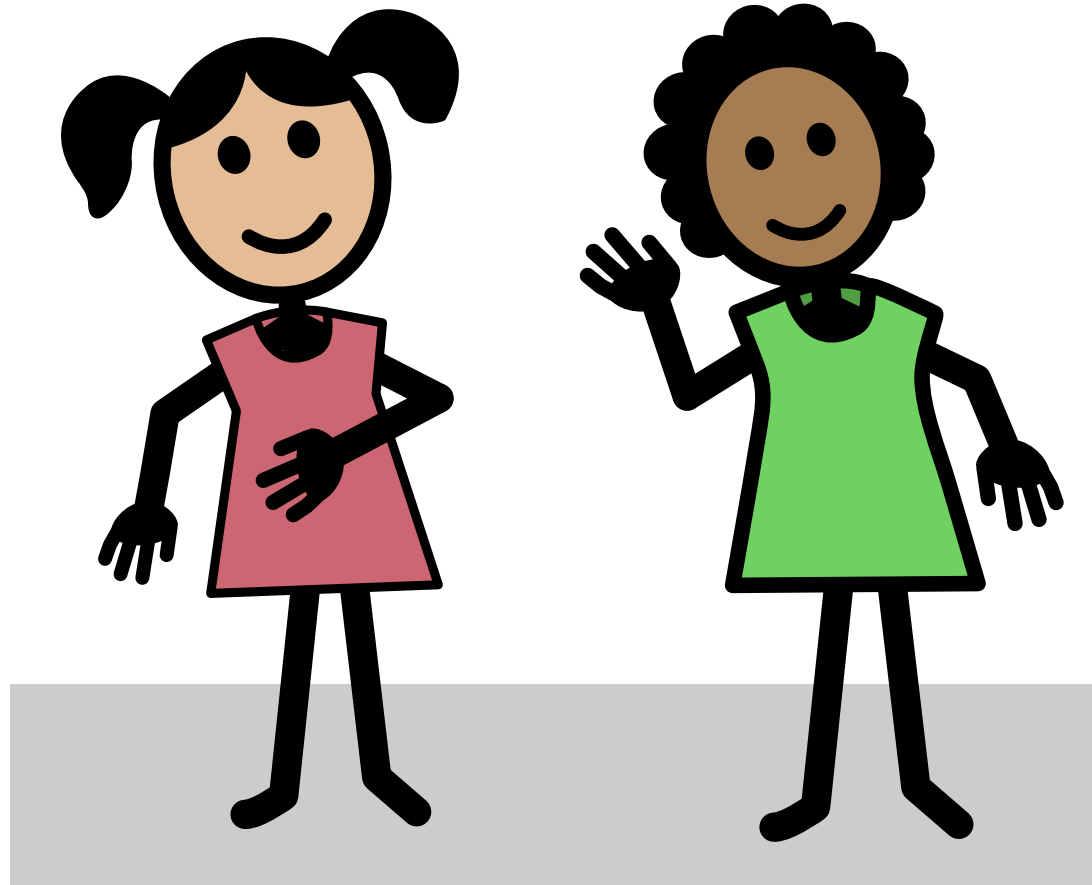

**People are the same and different.
Ella explains it !**

We are the same.

We both have a body.

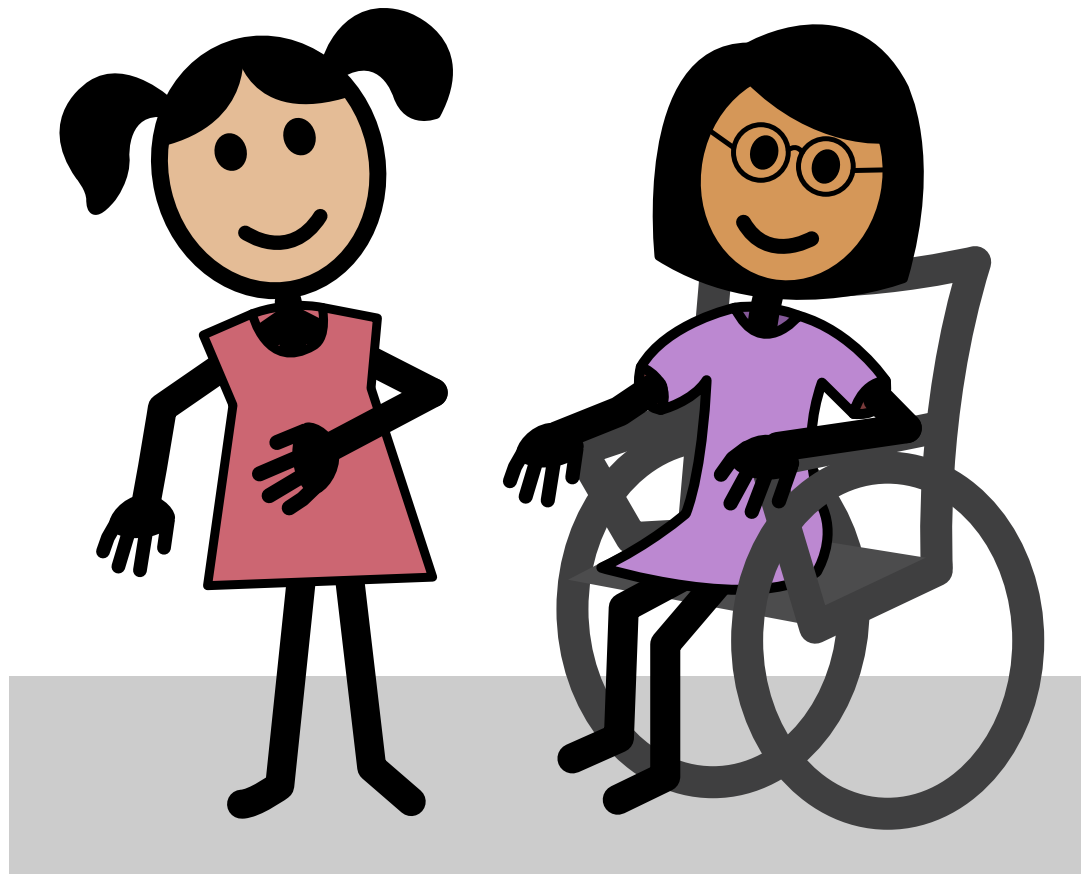

But our body is different.

We are the same.

We both have skin.

But our skin color is different.

We are the same.

We both have legs.

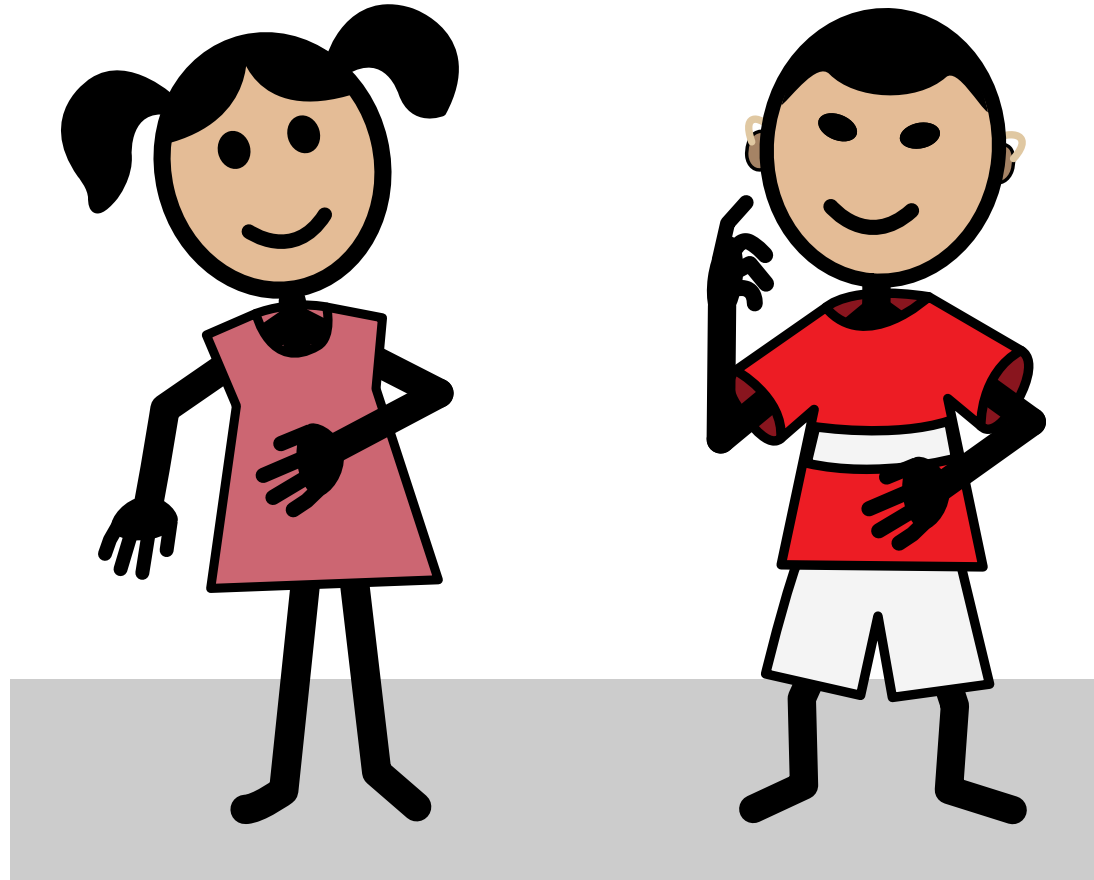

But our legs work different.

We are the same.

We both have eyes.

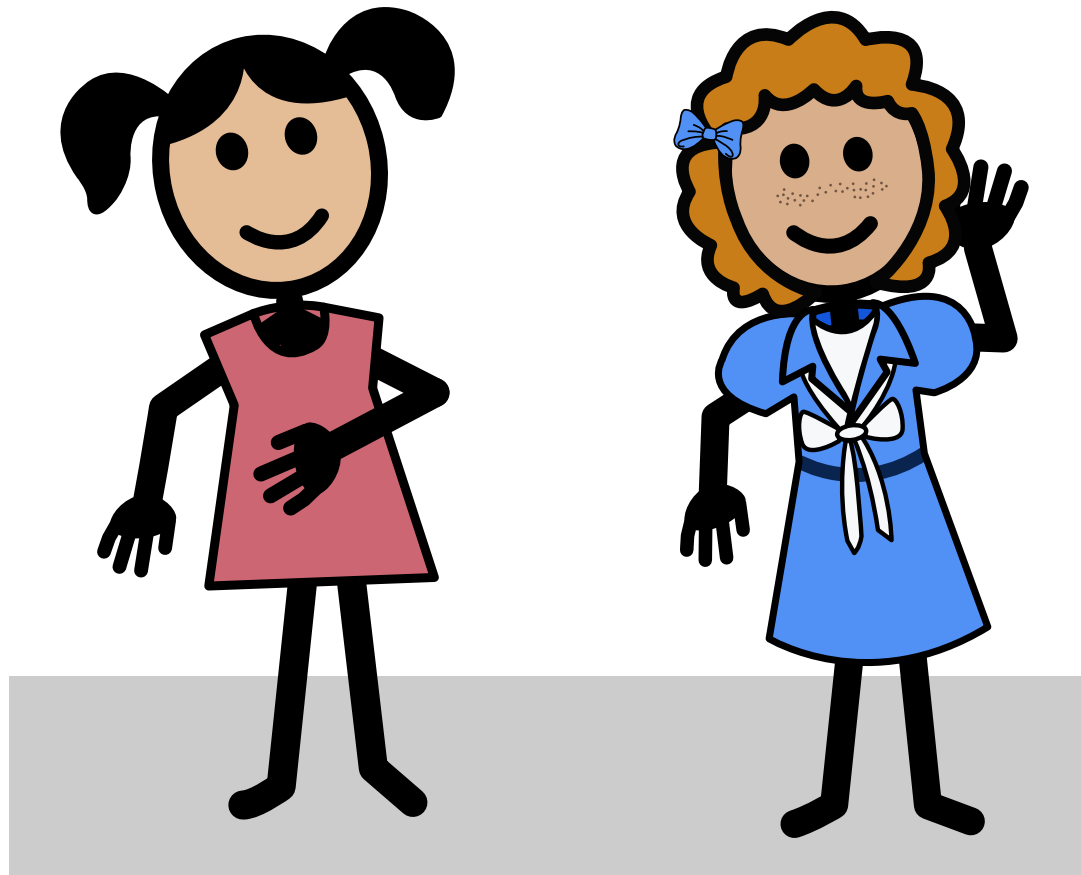

But our eyes see different.

We are the same.

We both have ears.

But our ears hear different.

We are the same.

We both have hair.

But our hair looks different.

People are the same and different.

The End
